

Hello,

My name is Matt and I am very interested in this role as a personal assistant.

I have 3 years experience teaching people how to fly airplanes and have developed the strong communication and organizational skills you are looking for in this role. I am a quick learner and very adaptable. I believe my business and customer service experience would make a great fit for this position.

I enjoy coding and building websites in my spare time. Besides coding I like to play video games, watch sports, and I play in a men's lacrosse league.

If you would like to schedule an interview you can reach me on my cell at (603) 809-8249 or by email mattcoburn24@gmail.com

Thank you,
Matthew Coburn
